Foreword

Between these covers, we have endeavored to record the experiences and events which have made 1967-'68 a memorable year.

With appreciation, we remember those students, friends, and teachers who have made this publication of Le Sabre a reality. We extend special thanks to our understanding friend and sponsor, Mrs. Grace Atkinson, whose guidance, knowledge, and interest made the work on this yearbook a valuable learning experience and a pleasure.

We have worked willingly and patiently to make this yearbook the best possible. It is our hope that you, the students of Dinwiddie County High School, will derive as much pleasure from this edition as we have experienced from its preparation.

Dedication

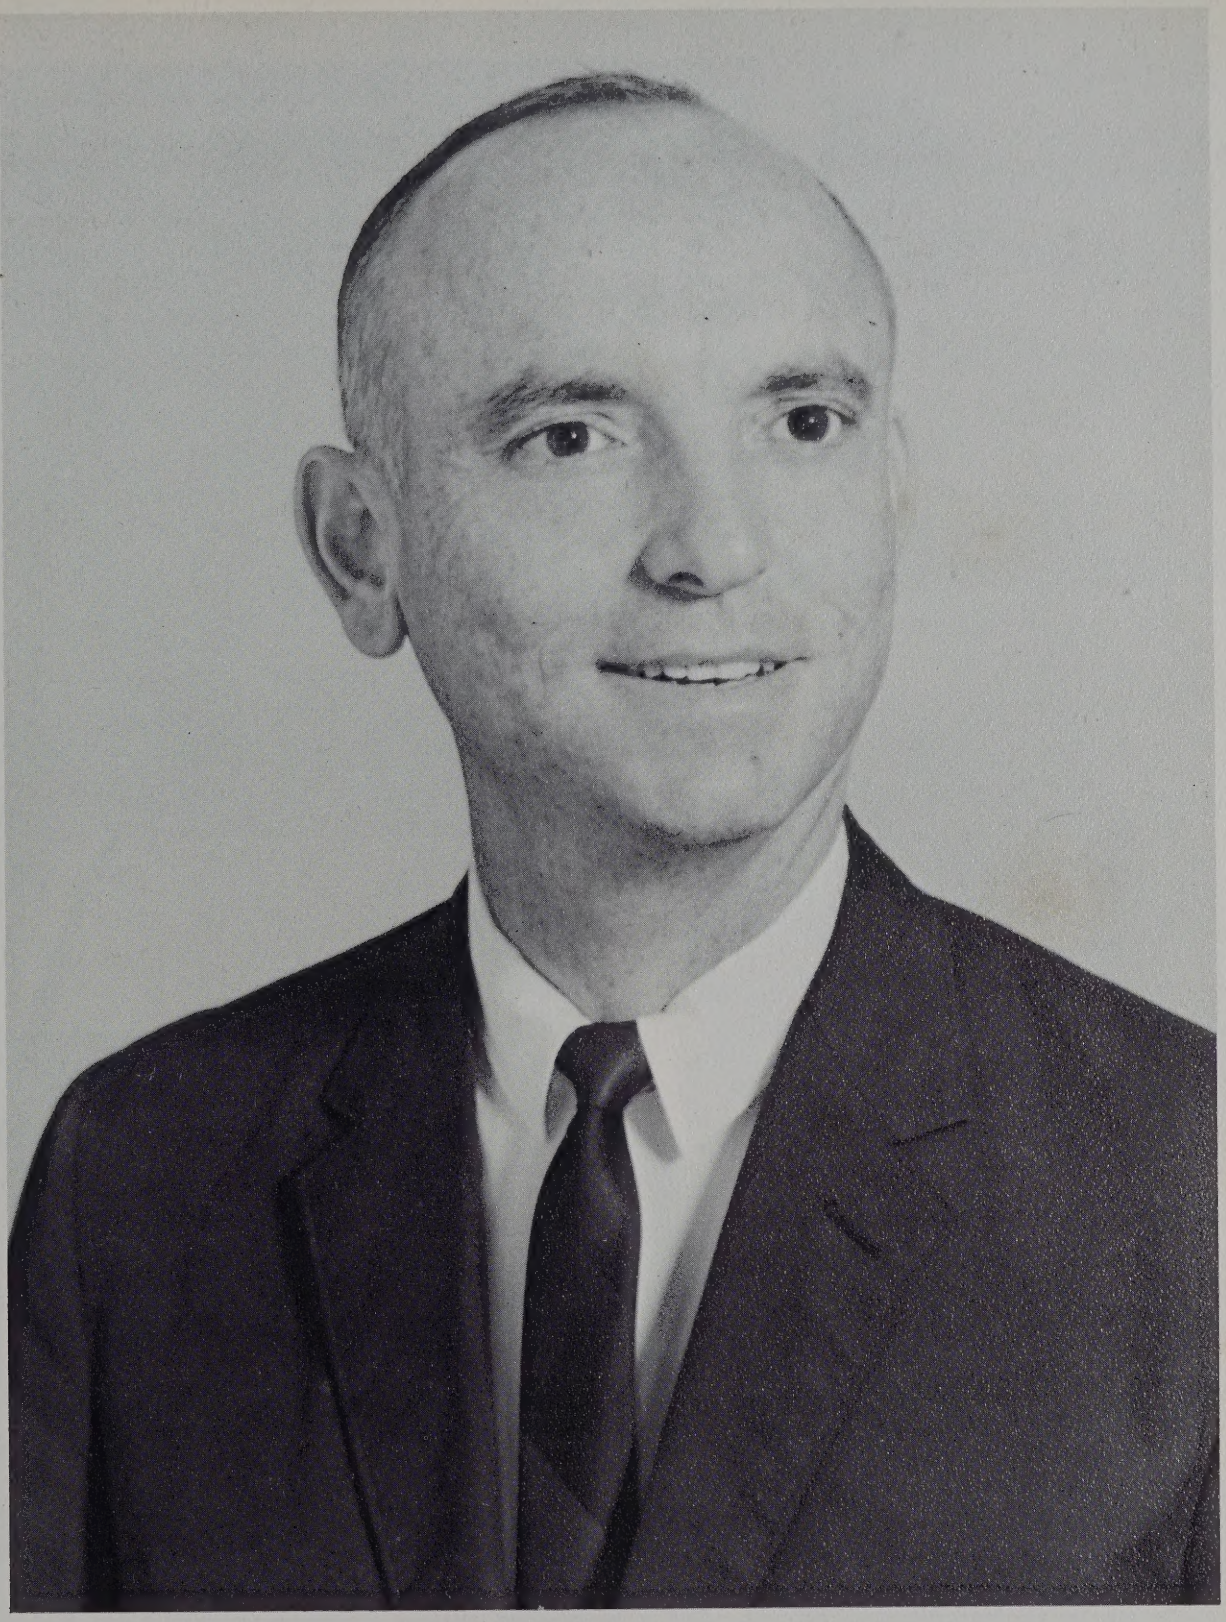
The Many Faces Of Mr. Crocker



Those who timidly have entered the halls of Dinwiddie County High School have been encouraged by his friendliness and ready smile. Always patiently guiding our steps when we falter, he has molded our character with his unswerving devotion and tolerance.

Exhibiting the principles of education, not only in the classroom, but also throughout the many facets of school life, he has served as the standard-bearer of highest personal and professional integrity. For his years of dedicated service, his understanding, and his guiding influence in our lives, we, the class of 1968, dedicate this LE SABRE to our teacher and friend, Mr. John Crocker.

Prayer For Victory

Our Heavenly Father, be with us in our games and help us to keep the rules of honor. Gallant and good-tempered, may we love the game above the prize. Enable us to lose, when that must be, without sullenness, and when we win, make us generous to those who are defeated. So may courage abound with cheerfulness and end the day well for Thy name's sake

Amen

GOOD GAS SERVICE MAKES WARM FRIENDS

Congratulations Graduates

Although you are now graduates, you can do a great service for the rest of us, if you never cease to be students—Looking for opportunities and ways to cherish the American System of Free Enterprise and to improve the American way of life. You can be thankful for free schools in a country where you are free to worship and think and talk as you please. This is your heritage from the people who built America.

The Future is pretty largely in your hands—you must be vigilant and act—to combat the evils of socialism, government domination of private industry, and all the "isms" that destroy Democracy. We depend upon you to do a fine job.

I've enjoyed having you in a few of my classes this year, always especially English. Always remember Miss A. and the funnies she pulled on us. Have a good time this summer and take care.
